Report on the Audits of the Financial Statements

Our Opinion

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of SEDPI Foundation, Inc. (the "Foundation") as at December 31, 2020 and 2019, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards for Small Entities ("PFRS for SEs").

What we have audited

The financial statements of the Foundation comprise:

- the statements of financial position as at December 31, 2020 and 2019;
- the statements of total comprehensive income for the years ended December 31, 2020 and 2019;
- the statements of changes in fund balance for the years ended December 31, 2020 and 2019;
- the statements of cash flows for the years ended December 31, 2020 and 2019; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing ("PSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Foundation in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics), together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS for SEs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Independent Auditor's Report
To the Board of Trustees of
SEDPI Foundation, Inc.
Page 3

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Bureau of Internal Revenue Requirement

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Bureau of Internal Revenue (BIR) Revenue Regulations Nos. 15-2010 and 34-2020 in Note 18 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such supplementary information is the responsibility of management and has been subjected to the auditing procedures applied in our audits of the basic financial statements. In our opinion, the supplementary information is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to the Financial Statements

As at and for the years ended December 31, 2020 and 2019

(All amounts in Philippine Peso)

Note 1 - General information

The SEDPI Foundation, Inc. (the “Foundation”) is a non-stock, not-for-profit organization duly organized and existing under and by virtue of the laws of the Republic of the Philippines. It was registered with the Securities and Exchange Commission on January 2, 2013 under SEC Registration No. CN201223660.

The Foundation is governed by a Board of Trustees (BOT), and its operations are funded primarily through donations from donors who may be individuals or organizations.

The Foundation is exempt from income tax under Section 30(g) of the National Internal Revenue Code. However, income from any activities conducted for profit regardless of the disposition made of such income shall be subjected to tax.

On November 5, 2015, the Foundation filed with the Bureau of Internal Revenue (BIR) their application of the tax exemption ruling and the issuance of tax certificate. As at June 19, 2020, the Foundation is awaiting the tax exemption ruling from the BIR.

The Foundation’s registered office, which is also its principal place of business, is at Unit 303 Loyola Heights Condo 23 F. Dela Rosa St., Brgy. Loyola Heights, Quezon City.

Coronavirus pandemic

The pandemic which broke out in March 2020 forced governments all over the world, including the Philippines, to implement community lockdowns and quarantines to mitigate the spread of the virus. Unfortunately, these lockdowns caused the demands for goods and services to plummet which ultimately led to the contraction of both the global and domestic economies.

In response to the growing number of COVID-19 cases in the country, Republic Act (RA) No. 11469, otherwise known as “Bayanihan to Heal as One Act” (or simply the “Bayanihan Act”) was enacted in March 2020 which granted the President of the Republic of the Philippines additional powers to combat the pandemic and aid certain vulnerable sectors of the economy.

As of report date, the pandemic remains the topmost concern of the government and businesses alike. The Philippine economy is gradually opening with the imposition of less stringent community quarantine protocols. Likewise, the vaccination program of the government is expected to commence in 2021 which is hoped to slow down the spread of the virus and boost confidence among businesses and consumers.

Overall, the pandemic did not have significant impact on the Foundation’s results of operations, financial position and cash flows as at and for the year ended December 31, 2020.

Approval and authorization of issuance of financial statements

These financial statements were approved and authorized for issuance by the Foundation’s BOT on April 14, 2021. There are no material events that occurred subsequent to April 14, 2021 until April 15, 2021.

Note 2 - Cash in banks

Cash with banks earn interest at the prevailing bank deposit rates. Interest income from cash in banks amounted to P4,082 for the year ended December 31, 2020 (2019 - P432).

Note 3 - Receivables

The account as at December 31 consists of:

	2020	2019

Dividends receivable	16,336	16,336
Total	387,010	394,485

Advances to officers and employees are normally liquidated within the next financial year.

Note 4 - Financial literacy books

The books are purchased and sold by the Foundation for fund raising activity to fund the conduct of financial literacy trainings to marginalized sectors which was authorized by the Department of Social Welfare and Development (DSWD) effective November 2016. Following the expiration of DSWD authorization in November 2017, the Foundation applied for its renewal last October 2018. As at December 31, 2020 and 2019, the Foundation is awaiting approval for its renewal application.

Financial literacy books are stated at cost as of December 31, 2020 and 2019. There were no allowances or write-down as at December 31, 2020 and 2019.

Financial literacy books are expected to be sold through fund raising activity in the next 12 months.

Note 9 - Fund balance

Restricted funds

Restricted funds are endowment funds received by the Foundation for specific purposes and are subject to certain restrictions imposed by donors, namely Leadership, Financial Literacy and Social Entrepreneurship (LSE) consortium, SDFI and Social Enterprise Development Partnerships, Inc. (SEDPI).

For the period ended December 31, 2020, the Foundation received grants amounting to P200,000 which is allotted for the victims of Typhoon Vicky.

As at December 31, 2020 and 2019, endowment funds from SDFI and SEDPI amounts to P1,110,296.

Restricted funds amounting to P222,360 as at December 31, 2020 and 2019 pertain to proceeds from literacy trainings held under LSE programs.

Restricted funds include funds held in trust amounting to P106,303 as at December 31, 2020 and 2019 to the Foundation by the Overseas Filipinos Society for the Promotion of Economic Security (OFSPES). These are earmarked for the LSE which is a consortium of Ateneo de Manila University (ADMU), SEDPI and OFSPES. The term of this joint partnership is five years starting from January 1, 2014 to December 31, 2019.

The LSE aims to uplift the socio-cultural, political and economic well-being of Overseas Filipinos and their families through:

- a. Training and building capacities of Filipinos on leadership, financial literacy and social entrepreneurship skills in a migrant context;
- b. Enabling the trainees to undertake their social enterprises aimed at improving their situation, their families and communities; and
- c. Providing a mentoring support especially for the youth to assist and guide the implementation of their social enterprises.

The Foundation started conducting LSE trainings in 2015.

As of December 31, 2020, and 2019, no withdrawals were made on the funds held in trust.

General fund

This represents the year-end cumulative balance of the Foundation's General Fund over its administrative and other general expenses. The fund sources are all unrestricted receipts and surpluses as well as the retained excess of grants, which were agreed to be converted as part of the Foundation's working fund.

Note 10 - Receipts

This account comprises receipts of funds from sale of books, training for financial literacy, grants, donations and contributions from various individuals and other income.

On November 2016, a certification was issued to the Foundation by Department of Social Welfare and Development to conduct fund raising campaign per DSWD Authority/Solicitation Permit No. DSWD-SB-SP-0024-2016, the purpose of which is to fund the conduct of financial literacy trainings to marginalized sectors. The solicitations are done through distribution of letters of appeal/invitation for training and book sale.

Corporate Recovery and Tax Incentives for Enterprises Act (CREATE)

On March 26, 2021, Republic Act (RA) No.11534, otherwise known as CREATE, was signed into law. Among the salient provisions of CREATE include changes to the Corporate Income Tax (CIT) as follows:

- Reduction in CIT rate effective July 1, 2020 as follows:
 - (a) Domestic Corporations will be subject to the following reduced CIT rates depending on their assets and taxable income:
 - (i) Those with assets amounting to P100,000,000 and below, and with taxable income equivalent to P5,000,000 and below will be subjected to a 20% tax rate;
 - (ii) Those with assets above P100,000,000 or those with taxable income amounting to more than P5,000,000 will be subjected to a 25% tax rate.
 - (b) Foreign Corporations (resident and nonresident foreign corporations) will have a fixed reduced tax rate of 25%.
- Effective July 1, 2020 until June 30, 2023, the MCIT rate shall be one percent (1%).

Under CREATE, corporate taxpayers shall prepare their annual income tax return for the calendar year 2020 (CY2020) using the pro-rated CIT rate for CY2020 reckoned from July 1, 2020 (retrospective effect).

For financial reporting purposes, the enactment of CREATE after the reporting date is deemed a non-adjusting subsequent event. As at December 31, 2020, the enactment of CREATE did not have impact to the Foundation.

Note 17 - Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to both years presented, unless otherwise stated.

17.1 Basis of preparation

The financial statements are prepared in accordance with the Philippine Financial Reporting Standards for Small Entities (PFRS for SEs) as approved by the Financial Reporting Standards Council, Board of Accountancy, and SEC.

The financial statements have been prepared on a historical cost basis.

There are no amendments to PFRS for SEs effective for the financial year beginning on or after January 1, 2020.

17.2 Cash

Cash includes cash on hand and with banks. Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of up to three months or less from dates of acquisitions and that are subject to an insignificant risk of change in value.

17.3 Financial instruments

A financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of another entity. A financial instrument is recognized when the entity becomes a party to its contractual provisions. The Foundation classifies its financial instruments into the following categories: (a) basic financial instruments; and (b) complex financial instruments. The Foundation does not have financial instruments classified as complex.

Basic financial instruments

Initial measurement

On initial recognition, a basic financial instrument is measured at transaction price (including transaction costs), unless the arrangement is in effect a financing transaction. In this case, it is measured at present value of the future payment discounted using a market rate of interest for a similar debt instrument.

Subsequent measurement

Basic financial instruments are subsequently measured at amortized cost using the effective interest rate method, except for investments in non-convertible and non-puttable preference shares and non-puttable ordinary shares that are publicly traded whose fair value can otherwise be measured reliably. Such investments are subsequently measured at fair value with changes in fair value recognized in profit or loss.

Impairment of financial instruments measured at cost or amortized cost

At each reporting date, the Foundation assesses whether there is objective evidence of impairment on any financial assets that are measured at cost or amortised cost. Where there is any objective evidence of impairment, an impairment loss is recognized immediately in profit or loss.

For financial assets measured at amortized cost, the impairment loss is the difference between the asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. Where an asset is measured at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that the entity would receive for the asset in a sale at the reporting date.

Derecognition of financial assets

An entity only derecognizes a financial asset when:

- The contractual rights to the cash flows from the assets have expired or are settled;
- The entity has transferred to another party substantially all the risks and rewards of ownership relating to the financial asset; or
- It has retained some significant risks and rewards but has transferred control of the asset to another party and the other party has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without needing to impose additional restrictions on the transfer. The asset is therefore derecognized, and any rights and obligation created or retained are recognized.

Derecognition of financial liabilities

Financial liabilities are derecognized only when these are extinguished – that is, when the obligation is discharged, cancelled or has expired.

17.4 Receivables

Receivables are recognized initially at the transaction price. They are subsequently measured at amortized cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidence that the Foundation will not be able to collect all amounts due according to the original terms of the receivables.

Receivables are classified as current asset if receipt is due within one year or less (or in the normal operating cycle of the business if longer), otherwise, they are presented as non-current assets.

17.5 Financial literacy books

Financial literacy books are valued at the lower of cost and estimated selling price less costs to sell. Cost of financial literacy book includes all costs of purchase and other costs incurred in bringing the financial literacy books to their present location and condition. The costs of purchase of financial literacy books comprise the purchase price, and other taxes (other than those subsequently recoverable by the entity from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. An entity shall include other costs in the cost of financial literacy books only to the extent that they are incurred in bringing the financial literacy books to their present location and condition.

17.6 Creditable withholding taxes and income tax credit

Creditable withholding taxes and income tax credit are carried at face amount or at nominal amount less any allowance for impairment loss.

Creditable withholding taxes and income tax credit are classified as current assets if economic benefits will flow to the entity within one year or less (or in the normal operating cycle of the business if longer), otherwise, they are presented as non-current assets.

The Foundation assesses at the end of each reporting period whether there is objective evidence that the creditable withholding tax balances and income tax credit are not recoverable. In determining the recoverable amount of creditable withholding taxes and income tax credit, management considers the probability of future transactions or events against which these accounts can be utilized, including adequacy of documentation for anticipated tax audits.

The Foundation's creditable withholding tax balance and income tax credit pertains to tax certificates that are held by the Foundation as at year-end which can be used to offset any income tax payable balances. Management reviews the recoverability of the creditable withholding tax balance and income tax credit as at each reporting date to assess whether an allowance for losses should be recognized in profit and loss. The level of this allowance is evaluated by management on the basis of factors such as availability of tax certificates supporting the amounts recognized and the probability of collection of tax certificates due from counterparties.

17.7 Trade payables

Trade payables are recognized initially at the transaction price and subsequently measured at amortized cost using the effective interest method.

Trade payables are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer), otherwise, they are presented as non-current liabilities.

17.8 Provisions

Provisions are recognized when the Foundation has a present legal or constructive obligation as a result of past events; it is probable that a transfer of economic benefits will be required to settle the obligation; and the amount can be reliably estimated. Restructuring provisions comprise lease termination penalties and employee termination payments. Provisions are not recognized for future operating losses.

Provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense.

17.9 Related party relationships and transactions

Related party relationship

Related party relationship exists when one party has the ability to control, directly or indirectly through one or more intermediaries, the other party or exercise significant influence over the other party in making financial and operating decisions. Such relationship also exists between and/or among entities which are under common control with the reporting enterprise, or between and/or among the reporting enterprises and their key management personnel, directors, or its shareholders. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Related party transaction

Related party transaction is a transfer of resources, services or obligations between a reporting entity and a related party, regardless of whether a price is charged.

17.10 Fund balance

Unrestricted fund balance generally results from donations, contributions and other income that are derived from the Foundation's regular operations unless the receipts are limited by donor-imposed restrictions.

Restricted fund balance pertains to fund appropriated and managed by the Foundation for specific purposes and are subject to certain restrictions.

17.11 Receipts recognition

The Foundation recognizes receipts when: the amount of receipts can be reliably measured; it is probable that future economic benefits will flow to the entity; and specific criteria have been met for each of the Foundation's activities, as described below.

Financial literacy training

Financial literacy training fees are recognized when services are already rendered by the Foundation.

Financial literacy book sales

Book sales are recognized when the Foundation has delivered books to the customer; the customer has accepted the products thereby transferring the significant risks and rewards; and collectability of the related receivables is reasonably assured. Provisions for sales discounts are made at the time of sale. Sales returns are recognized upon actual return of books by the customers.

Grants, donations and contributions

Project grants, donations, support and contributions are recognized as receipts when actually received. However, grants and donations that are subject to conditions/restrictions are preserved exclusively for the purposes for which they were bestowed and are recognized as part of the fund balance shown as "Restricted funds" under the statement of financial position, otherwise they are recorded as "Grants, donations and contributions" in receipts and expenses.

Other income

Other income are recognized only upon collection or accrued where there is reasonable degree of certainty as to its collectability.

17.12 Expense recognition

Costs and expenses are decreases in economic benefits during the accounting period in the form of outflows or decrease of assets or incurrence of liabilities that result in decreases in fund balance. Costs and expenses are recognized in receipts and expenses upon utilization of the service or in the dates they are incurred.

17.14 Events after the reporting date

Post year-end events that provide additional information about the Foundation's position at the reporting date (adjusting events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the financial statements when material.

Note 18 - Supplementary information required by the BIR

The Foundation is exempt from payment of income tax as set forth in Section 30(g) of the National Internal Revenue Code otherwise known as "Exemption from Tax on Corporations".
